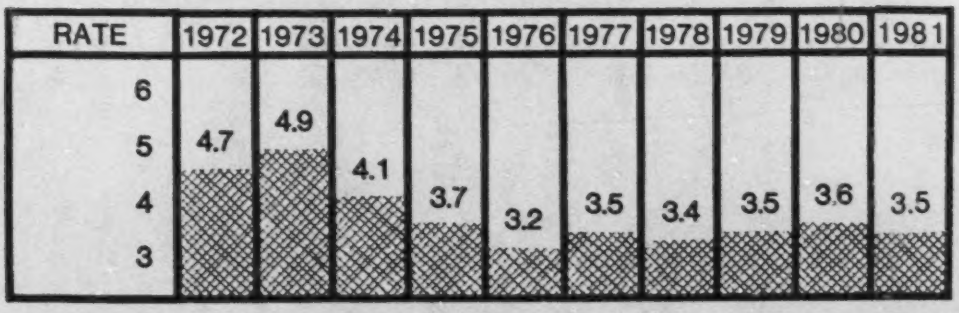
Death Rate Per 100 Million Miles Traveled



1981 Highlights

In 1981, Georgia traffic deaths totalled 1418, down by 85 from 1980's total of 1503. This represents the 3rd straight year that traffic deaths have declined since 1979.

The 1981 death rate, the number of deaths occurring for each 100 million miles of travel, was recorded at 3.5, the 3rd lowest rate in 10 years.

Travel declined slightly in 1981 down from 41.1 billion miles in 1980 to 40.7 last year. This is the 3rd straight year of decline reflecting results of the current economic recession.

The drinking driver continues to be one of the most serious problems facing traffic safety progress in Georgia. In 1981, out of 1255 fatal accidents, 616 were alcohol related for a 49% factor. This compares to 1348 fatal accidents in 1980 of which 620 were alcohol related for a 46% factor. The number of alcohol related accidents rose in 1981 despite the fact that arrests for drunk driving increased from 68,307 in 1980 to 74,173 in 1981.

DPS IMPROVEMENTS IN 1981

In an effort to improve its administrative procedures, the Department of Public Safety established new budgeting and supply procedures in 1981. The concept was to place needed supplies closer to the users and to provide input from field level operations into the department's budgeting process.

A network of regional supply centers was established with one in each of 10 regional troops. No longer does a trooper have to drive long distances from his home post to headquarters in Atlanta for basic supplies. To administer this concept, a budget and supply lieutenant in each troop was appointed to handle the necessary administrative work.

Several laws were passed in 1981 which improved the services rendered by the Georgia State Patrol. One measure redefined the troopers' authority and for the first time permitted investigative "inquiry" into criminal acts off the state's public streets and highways. The law permits a trooper to react if he comes upon a criminal act taking place, such as break-in or robbery, and then to summon local law enforcement to proceed with the case.

In the appropriations area, the state legislature approved money in 1981 to hire 10 additional troopers with directions to patrol the metro Atlanta area, which raised the total to 62 uniform personnel in the metro area. Money was also approved to upgrade the ranks of post commanders and assistants in the Patrol to provide a career ladder rank structure making each post commander a sergeant first class with sergeants and corporals as assistants.

The Patrol, also in 1981, initiated a statewide physical fitness program specifically tailored to the individual needs of participating officers. The program was designed on a voluntary basis but has encompassed more than 95% of the personnel. It is also administered on a troop by troop basis.

The first full year of a new non-partisan promotions system was concluded in 1981. Promotions are made exclusively on a basis of education, seniority, written test and forced choice evaluation by supervisors.

George Busbee
GOVERNOR

To the Members of the Department of
Public Safety, State of Georgia

Dear Friends:

Your accomplishments during the past year have once again distinguished you as true professionals in the area of highway safety. As the statistics show, you have, through your hard work, made the highways of Georgia safer for travel by our citizens and visitors.

The death rate for 1981 dropped one tenth of a point from 3.6 to 3.5 fatalities per 100 million miles of travel. More importantly, vehicle deaths dropped by 6% from 1508 to 1418. This is the lowest number of fatalities in the last five years.

I would like to offer my appreciation for a job well done. I know that we can look for even greater achievements in the future.

With kindest regards, I am

Sincerely,

George Busbee

Department of Public Safety

Post Office Box 1456

COLONEL HUGH HARDISON
COMMISSIONER

Governor George Busbee
Members of the Legislature
Citizens of Georgia

Please accept the 1981 Department of Public Safety Annual Report of activities and highlights for the year past.

1981 was again a year that rewarded the Department's efforts to reduce highway deaths. A reduction in fatalities from 1503 in 1980 to 1418 in 1981 forced the death rate down by one-tenth of a point.

We have dedicated ourselves to meeting the needs for 1982 through service and integrity.

Respectfully,

Hugh Hardison

Georgia Department of Public Safety

DRIVER SUPPORT DIVISION

The Driver Support Division administers the licensing of drivers throughout Georgia, as well as suspending and revoking licenses when justified by law. Accident reports are maintained by this section. The Safety Responsibility and No Fault Units suspend license and tags based on unsatisfied judgements and enforce the no fault insurance law.

PERSONNEL SERVICES

This section is responsible for employment of all Department of Public Safety personnel and all employee related records. Personnel coordinates with insurance companies and worker's compensation, and implements the departmental Affirmative Action Program.

Investigative Services and Complaints and Adjudication are under the Personnel Services. Investigative Services conducts pre-employment investigation of applicants for uniform positions and handles headquarters security. Complaints and Adjudication conducts inspections and investigations on the staff and line level and investigates complaints from the public.

PUBLIC RELATIONS SECTION

The Public Information Office coordinates activities between the Department and the various news media. This unit prepares department publications, as well as public relations and public service campaigns. The Graphics Department handles designs, layouts and printing of department material. The Photo Lab process all department pictures including accident photos.

MANAGEMENT AND RESEARCH

The purpose of this section is to provide internal operational analysis of existing units and sections to insure non-duplication and more effective and efficient operations and Data Processing coordination.

FINANCIAL DIVISION

The Financial Division is responsible for inventory control issuance of racetrack, firearms sales and flashing light permits. This unit supervises and approves usage of federal funds. The departments central cashier is under the Financial Division.

FISCAL DIVISION

The Fiscal Division approves the funding of all expenditures based on budgetary appropriations and fund availability, provides for cash management and cash flow within the Department, for the payment of all obligations made by the Department, and for the coordination and preparation of the Department's budget request. This section also handles payroll, accounting and audits.

The Procurement and Supply Sections purchase, store and issue supplies for the Department and maintain a complete inventory of all property.

TRAINING

Training functions include all courses relating to law enforcement composed of departmental personnel, Merit System skill development and management courses, and specialized schools.

Implied Consent Section

The Implied Consent Section has shown a decided upswing in all phases of activity for the year 1981.

This is attributed to the time spent on training members of various police jurisdictions. Implied Consent Hearing Officers expended 105 hours in the intoximeter and refresher courses offered by the G. B. I. Crime Laboratory and the Georgia Police Academy. Officers were trained in the application of the Implied Consent Law and procedures applying relative to testimony at the Implied Consent Hearing.

The purpose of the Implied Consent Section is to receive the refusal affidavits from the police officers throughout the State.

The affidavits are processed through the system where the suspension of a driver's license results.

The following is a list of the related activity of this Section:
